

MASSEY FERGUSON

100 Max Engine HP

High-clearance Tractor

MASSEY FERGUSON  
MF4610M HC

**For more than 170 years, Massey Ferguson® has been engineering durable, hardworking tractors.**

Of course, if you’re farming sensitive fruits and vegetables, you care about a lot more than just longevity. You want a powerful, workhorse tractor that’s environmentally smart to work efficiently in taller crops and deeper beds. We’re proud to introduce the new Massey Ferguson 4610M high-clearance tractor, designed for professional producers who value affordability as much as they do uptime.

**HIGH CLEARANCE**

**Less crop damage** Two tire sizes provide heights of 25" and 27", from the drawbar to the ground, to minimize crop damage.

**Flexible track widths** Available in 60" and 80" configuration. Seven track settings possible.

**Durable** A longer wheelbase and adjustable track settings provide the versatility and durability to handle tough applications and terrain.

**HIGH PERFORMANCE**

**Powerful** Turbo-charged, 3-cylinder AGCO Power™ engine, no DPF required.

**Versatile** 18x18 Power Shuttle transmission, with creeper standard, saves time, fuel and money.

**Sturdy** An excellent power-to-weight ratio provides the pulling power necessary for large trailers, implements and heavy tanks.

**HIGH VALUE**

**Simple** Intuitive controls provide for an easy operational learning curve.

**More comfort** A well-positioned, adjustable seat provides maximum visibility to front and rear implements.

**Saves money** With no regeneration required and no expensive DPF filters to replace, the only stop is for fuel, which maximizes uptime.

**Want one?**

For more information or to pre-order, contact your local Massey Ferguson dealer.

HIGH CROP MODEL	MF4610M HC*
Engine	3.3L 3-cylinder AGCO Power
Max Engine HP (kW)	100.6 (75) @ 2,000
Rated Engine HP (kW)	99 (73.8) @ 2,200
PTO HP (kW)	81.5 (60.8) @ 2,000
Rated PTO HP (kW)	72.5 (54) @ 2,200
PTO	540/540E
Hydraulic flow @ remotes GPM (LPM)	17.5 (66.2)
Number of remotes	Up to 3
3-point hitch lift capacity @ 24" lbs. (kg.)	4,409 (1,999)**
Transmission (with creeper)	18 x 18 Power Shuttle with creeper
Ground clearance in. (mm)	Up to 27 (Up to 686)
Weight lbs. (kg.)	8,526 (3,867)
Wheel base in. (mm)	104 (2,642)
Track setting in. (mm)	60 (1,524) and 80 (2,032) options

AGCO is a premier manufacturer of agricultural equipment, providing high-tech solutions for professional farmers feeding the world. The company is dedicated to delivering superior customer service, innovation and quality.
